PROFILE

Final-year Software Engineering student at ESPRIT with hands-on experience in full-stack development, API design, database management, and software engineering. Experienced in building web applications and working on academic and professional projects. Seeking a six-month end-of-studies internship to contribute to real-world software solutions and further develop my technical skills.

TECHNICAL SKILLS

Languages: Python, Java, C#, TypeScript, JavaScript, C

Frontend: Angular, React, Blazor

Backend: ASP.NET Core, FastAPI, Spring Boot, Spring Security, Entity Framework Core, REST APIs, JWT

Databases: MySQL, PostgreSQL, SQL Server, SQLite

DevOps: Docker, Kubernetes, Jenkins, CI/CD, Git, GitHub

Data & BI: Pandas, Power BI, DAX, ETL

Architecture: Microservices, API Gateway, Eureka

PROFESSIONAL EXPERIENCE

Software Engineering Intern – Railway Transport Information System Jun. 2026 – Sep. 2026
SNCFT – Tunisian National Railway Company, Tunisia

- Developed a full-stack railway operations system using ASP.NET Core, Blazor, Entity Framework Core, and MySQL.
- Implemented REST APIs, JWT authentication, and role-based access control for multiple user profiles.
- Built CSV/XML import workflows and operational and financial reporting features.

Software Engineering Intern – Numerical Analysis Platform Jul. 2025 – Sep. 2025
ESPRIT Tech, Tunisia

- Developed an interactive learning platform using React, TypeScript, Tailwind CSS, and Python FastAPI.
- Built REST APIs and integrated Manim animations to visualize numerical methods and algorithms.

Business Intelligence Intern Feb. 2023 – Apr. 2023
VirtuaDev, Tunisia

- Processed logistics datasets using SQL Server and Python; developed Power BI dashboards and contributed to ETL workflows.

ACADEMIC PROJECTS

CodeDoc AI – AI-Powered Documentation Generator

- Developing an AI-powered tool to generate, edit, and export code documentation using Spring Boot, Angular, LLMs, and PostgreSQL.

CertifyPro – Learning and Certification Platform

- Developed microservices with Spring Boot, Spring Cloud, PostgreSQL, Eureka, and API Gateway; integrated JWT security.

DevOps – CI/CD Pipeline

- Automated build, testing, Docker image creation, and Kubernetes deployment using Jenkins.

EDUCATION

Engineering Degree in Software Engineering Sep. 2024 – Jun. 2027 (expected)
ESPRIT – Higher School of Engineering and Technology, Tunisia

Bachelor's Degree in Business Intelligence Sep. 2021 – Jun. 2024
ESEN – Higher School of Digital Economy, Manouba, Tunisia

High School Diploma in Economics and Management Sep. 2019 – Jun. 2020
Lycée Rafeha, Tunisia

LANGUAGES & INTERESTS

Languages: Arabic (Native), French (Fluent), English (Fluent)

Interests: Former Tunisian National Taekwondo Team Member
